

4 P-Style Bike Rack

BREZNST4

- Power-coated or galvanised
- welded construction
- Easy installation process
- Stores 4 bikes
- P-style frame

The 4 P-Style Bike Rack is crafted for secure, space-saving storage, making it ideal for indoor and outdoor car parks, apartment complexes, parks, and recreational areas popular with cyclists. This classic P Style rack offers a compact, high-capacity solution for organised bike storage. Its leaning rail 'P frame' design serves a dual purpose: it supports the bike frame and allows cyclists to lock both the wheel and frame to the rack for added security.

Installation guide

Install Coat Hanger Frame Bike Rack to required areas as marked in accordance with manufacturer's recommendation. For the best results we can provide installation.

Finish

Powder-coated, Galvanised
